SHOWERS DELAY WORK ON THE TABERNACLE

TODAY'S PROGRAM HAS BEEN SHOVED FORWARD TO TOMORROW ON ACCOUNT OF RAIN—MANY ARE AMAZED AT THE RAPID PROGRESS MADE IN ONE DAY IN ERECTING BIG TABERNACLE—MINISTERS TO HOLD CONFERENCE

Showers, refreshing to the thirsty land and Southern California's greatest benefactor, gave the willing workers on the huge Brown and Curry tabernacle a day of rest. The program of today has been shoved forward to tomorrow, including the session of the ministers, and the lunch and coffee to be served by the good sisters.

People in the community are astonished at the remarkable progress made on the tabernacle in one day, and the building committee is to be congratulated on the ability of their corps of workers to eat up lumber. Not many days will be spent in completing the edifice, judged by the present rate of progress, and so if

you want to share in this important part of the work, it is time to get on the job.

Dr. Willisford will open the work each day with prayer, this being his special work as chairman of the prayer meeting committee. The doctor also knows how to drive nails, showing that faith without works is dead.

Tomorrow will give some other preachers an opportunity to show their faith by their works, as all the carpenters and workers and preachers available will muster into service Wednesday morning at 8 o'clock. The clergymen will remember the meeting at the Baptist church announced for 9 a. m.

EAGLE ROCK

Friday evening, Jan. 29th, a very interesting affair was held at the O. J. Root home on Satsuma avenue for the benefit of the Women's Twentieth Century club. It was in the nature of a basket supper, all of the ladies bringing baskets filled with all kinds of good things to eat, and these were auctioned off. Cards and dancing took up the evening and some of the latest steps were displayed. A right jolly good time was had by everyone present and in spite of the rain quite a sum was realized from the supper which goes toward the new clubhouse.

The second term of school began Monday, Feb. 1st, and a number of children were entered by their parents to begin their education.

The "Mission Play," which opened Sunday, Jan. 31, will be attended by a number of our citizens.

Miss Bernice Lawton led the Epworth League Sunday evening at the M. E. church. Her subject was "Evening With Great Hymns." After League services were over the pastor held evangelistic services.

The Eagle Rock meat market, which has been under the management of Mr. W. Dennis, closed Saturday evening and the fixtures were sent to Los Angeles, where he will open a meat market. Mr. and Mrs. Dennis have been here scarcely a year, but have made many friends who regret their leaving, but wish them success in their new location. The cash grocery will open a meat market in addition to their other business.

A boy arrived at the home of Mr. and Mrs. Phillip English on Tuesday, Jan. 25th.

Sunday evening Prof. E. Allen of Occidental college occupied the pulpit at the Presbyterian church and delivered a most interesting and educating sermon on "Astronomy and the Bible."

Last Thursday afternoon a few ladies gathered at the home of Mrs. James Robinson of Oakwood trail for the purpose of reorganizing the Missionary society in the Methodist church, but on account of the rain many were kept at their homes and so few attended that nothing could be accomplished.

Tuesday evening, Jan. 25, the Masons and their families assembled at the Masonic hall, the occasion being the public installation of the new officers for the new year. The installing officer was Edward Spencer and master of ceremonies was Wilbur Miller. The following are the names of the new officers: John H. Taylor, master; Homer Bailey, senior warden; Aaron Kilpatrick, junior warden; Leander Hatch, treasurer; Geo. Lyon, secretary; Frederick Moll, chaplain; James Moshier, marshal; Joseph Stanton, senior deacon; John Broxholme, junior deacon; Harry Bourne, senior steward; Benjamin Martsoff, junior steward; Reginald Allen, Tyler.

The date for the proposed U. S. C. Pomona baseball game will be set on Monday of this coming week and the game will come off immediately. Occidental, U. S. C. and Pomona have to all play another game before the championship will be decided.

Mr. and Mrs. Frank Hammer, formerly residents of Eagle Rock, but now of Los Angeles, visited with relatives here a couple of days last week.

Miss May McLean of Lawrence avenue is entertaining former acquaintances and friends from Arizona for a few weeks.

Mr. Cloud, who has been seriously ill at the home of his daughter, Mrs. Elizabeth Cloud Miller of West Eagle avenue, passed away early Thursday

NORTH GLENDALE

Mr. and Mrs. Colin Care of San Rafael street were guests of Mr. and Mrs. J. Chamberlain of Hollywood last Sunday.

Mrs. E. J. Lyons of 1617 Ruth street is entertaining as her house guest for the week her brother, Mr. A. Mayer of Angelino Heights, Los Angeles.

Mrs. W. A. Brown of 913 San Rafael street spent Monday in Los Angeles calling upon friends in Edendale also while there.

Mrs. George D. Alston of Chestnut street, with Mrs. John Alston and Miss Ruby Wright of North Glendale, motored to Santa Monica and Ocean Park on Sunday, going especially to see the damage done by the high tides.

Mrs. Vivian Webb of 209 North Maryland avenue entertained with a musicale and children's party last Saturday afternoon from 2 to 5 o'clock. About twenty-five were invited of both pupils and guests. A musical program was rendered by the following pupils: George Blech, Barbara Blech, Merle Nash, Dorothy Wood, Marcella Webb, Rachel Elizabeth Webb. Several numbers were rendered which had been written by Grieg, the Norwegian composer, and Mrs. Webb gave an interesting talk on the famous composer. After the program, indoor games were played. Mrs. Webb served refreshments, and a general good time was enjoyed by all.

Mr. and Mrs. S. C. Bierbower of 922 Fairview avenue entertained on January 23rd in honor of their seventh wedding anniversary. The decorations used for the occasion were white calla lilies and red carnations, intermingled with greenery. Five machines filled with friends from Los Angeles and La Brea arrived and the evening was spent playing cards and enjoying music and conversation. At 11:30 the hostess served a dainty luncheon, covers being laid for twenty-two. Mr. and Mrs. Bierbower were the recipients of many beautiful remembrances of the occasion and also the hearty congratulations of their friends.

ANNOUNCE PRIZE WINNERS

Hunchberger & McFadden have announced the prize winners in the contest they have been conducting. Three prizes were offered for those registering the most nearly correct guesses as to how many persons would visit their show-rooms during six days while the Dodge car was on display.

Persons to the number of 621 visited the show-rooms during the six days. Gus Pulliam, whose guess was 631, is the winner of the \$20 cash receipt to apply on payment of a Dodge car.

Miss Mary Jane Evans, S. C. Maranville, Lawrence Varney and Ockeson Bonnot each guessed 630. Miss Evans, the first to register her guess, won the \$9 auto clock and Mr. Maranville, second, won the \$6 auto robe.

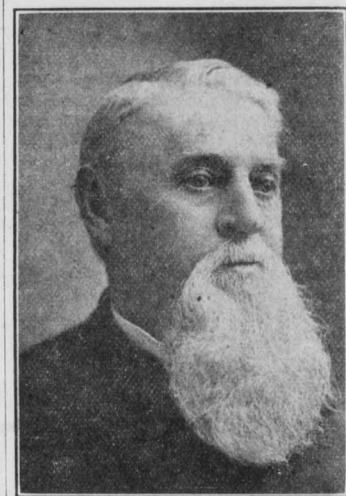

morning at the age of about eighty years. Just a week before his death Mr. Cloud was seen working out in his garden, as this was his chief pastime, with the assistance of his two grandsons, Hubert and Frederick, who were daily left to his care while Mrs. Miller acted as elocution teacher in Los Angeles high school. Mrs. Miller has the sympathy of all of our citizens in her bereavement, which is doubly so because less than a year and a half ago her husband died and since then Mr. Cloud had made his home with his daughter. The funeral services were held Saturday afternoon at the house and the remains were sent to his old home in Pennsylvania.

CAPTAIN THOM DEAD

ONE OF GLENDALE'S FIRST PIONEERS DIES AT AGE OF EIGHTY-NINE

Captain C. E. Thom, who was closely connected with the early history and development of Glendale, passed away at his home, 2070 West Adams street, Los Angeles, at half past five this morning.

Captain Thom was more than 89 years of age, but his death was entirely unexpected. He was about the house as usual Monday and retained to the very last his clear mind and his interest in events of the day, as well as his memory of things of the past.

Captain C. E. Thom

Captain Thom was born in Virginia. He came to California in 1849 in the days of the gold excitement, but returned to take up arms in behalf of the South during the rebellion. He was made captain in the Confederate army and later was promoted to the rank of major, but he was always known as Captain Thom. After the war he returned to California again, where he practiced law for a number of years.

While Captain Thom never resided in Glendale, he was one of the pioneers of this locality. He first acquired an interest in a portion of the Rancho San Rafael in 1870 and did much toward the development of this section. He assisted in laying out the original town of Glendale and was a promoter in many of the early activities of the community. He continued to be a property holder and interested in Glendale affairs up to the time of his death.

He leaves surviving him three sons and a daughter, Cameron D. Thom of Glendale, Catsby and Pembroke Thom of Los Angeles and Mrs. Arthur P. Collins of London, England.

Funeral services will be held on Thursday at 2 p. m. at the late residence.

FIRST BEEF EXTRACT FACTORY

Something over a hundred years ago the hacendados (ranchmen) of Uruguay complained to the government that over 450,000 head of cattle were being killed annually for their hides alone. The carcasses were thrown to the dogs or left on the rolling pampas for the vultures to devour. Beef in Uruguay was so plentiful that it was something of a nuisance evidently. Of course that day has passed, but they still have cattle enough down there to convert some 700,000 head into 113,000,000 pounds of jerked beef in one year, most of which is sold to Brazil, Porto Rico, Cuba and other tropical countries. Perhaps but few people know that the first great factory for the production of beef extract was established at Fray Bentos, a little city on the Uruguay river about a hundred miles above Buenos Aires, the cosmopolitan capital of Argentina, and that it is still operating. Fray Bentos has been called the greatest kitchen in the world. On some days 2500 head of cattle are slaughtered.

WANTED! VOLUNTEERS

Several more public spirited citizens are needed to act as special police officers tomorrow during the races. Any men willing to serve in this capacity should report to Chief of Police George H. Herald before 10 o'clock tomorrow and be sworn in.

NOTICE TO PARENTS

If the automobile races are held in Glendale on Wednesday, the schools will close at 12 o'clock. The schools cannot undertake the responsibility of the care of the children during the afternoon. If the races are postponed, school will remain in session as usual. R. D. WHITE, Supt.

SHOULD BE TOLERANT

A PICTURE ALL SHADOW IS FALSE AND CANNOT EXIST

Editor News: Here is a clipping from the pen of Rev. Reynold E. Blight taken from the December bulletin of the Los Angeles Consistory (Masonic):

"In certain circles it is popular to bitterly denounce the Roman Catholic church, and in the condemnation forget her splendid achievements and the consecrated service she has rendered to humanity. The long roll of patriots, statesmen, philanthropists, thinkers, heroes and saintly souls who have drawn their spiritual inspiration from her communion is sufficient proof of the real greatness of her religious teaching. Among her priests are those whose names have become synonymous with purity of life and unselfish effort for the betterment of humanity: Father Damien, Father Matthew, Father Junipero Serra, Francis of Assisi. Her countless institutions of learning, her manifold charities, the universality of her spiritual appeal must awaken the admiration of all men. It must not be forgotten that at her altars the common people received their first training in democracy. Prince and pauper, peasant and merchant, knelt together, equal before God. During the long night of the dark ages the lamp of knowledge was kept burning in the monasteries. Tolerance knows that there are two sides to every question, and that a picture that shows only shadows is essentially false."

Those who are living in the belief that the Catholic church is the sum total of all evil might do well to remember that, according to their own philosophies, she would not be on earth today if she were what their imaginations picture her.

REV. JAMES S. O'NEILL.

PLEASING MUSICALS

The recital given by the pupils of Miss Ruby Dale at the high school auditorium on Saturday evening was a most successful and pleasing affair. The pupils comprise those from beginners to some whose work is very far advanced and every number was excellently given. The cradle song of the nations was very pleasing; the representative of each nation coming in separately and dressed in appropriate costume, while their songs were both beautiful and typical. The platform had been beautifully decorated with ferns and potted plants by Mr. and Mrs. Goto. Japanese nursery people, and their two little children, Ruth and Mary Goto, gave the Japanese lullaby.

The large auditorium was filled with friends and relatives of the teacher and pupils, and everyone was delighted with the entire program. Miss Dale is doing a great work in Glendale and her efforts are appreciated by all those who know her.

ANOTHER RAINFALL

The weather man has not decided as yet if we will have more rain for Wednesday or not, but the appearance of the sky is not very prepossessing today. The rainfall for this storm has been 1.10 inches till noon today, making a total of 11.94 this season to date.

The following table will show the rainfall for this season according to the report of Mr. H. E. Bartlett:

October 3		.13
October 30		.20
November 9		.20
December 1		1.03
December 3		.05
December 6		.06
December 9		.60
December 11		.47
December 17		1.27
December 20		1.01
December 22		.13
January 4		.39
January 6		.06
January 8		.20
January 22		.15
January 25		.28
January 28		2.15
January 29		1.98
January 30		.48
This storm		1.10
Total to date		11.94

PROSPECT FOR GOOD RACES

Just as we go to press all indications point to successful auto road races tomorrow. The races begin at 2 p. m. and will continue until probably 5 o'clock. The attendance will be large.

GIVE US COPY EARLY

Persons contributing news items to the Evening News are requested to hand in communications early in the day, or better give them to us the previous afternoon.

TRUSTEES SELL \$75,000 WORTH WATER BONDS

USUAL NUMBER OF COMPLAINTS AND COMMUNICATIONS ARE RECEIVED—CONTRACTS AWARDED TO F. R. SINCLAIR FOR IMPROVEMENT OF DORAN AND EIGHTH STREETS—MONTHLY REPORTS OF OUR CITY OFFICERS ARE RECEIVED

The regular meeting of the board of trustees of the city of Glendale was held in the city hall on Monday evening, February 1. There were present: O. A. Lane, president of the board, and Trustees Charles Grist, J. S. Thompson, A. W. Tower and George E. Williams. Also present: City Manager T. W. Watson, W. E. Evans, city attorney; J. C. Sherer, city clerk; H. B. Lynch, manager of the public service department; Edw. Lynch, city engineer; G. B. Hoffman, city treasurer, and G. H. Herald, city marshal. The minutes of the preceding meeting were read and the same were approved.

A communication was read from C. D. Fitzgerald, who claims to be a taxpayer in the city of Glendale, warning the trustees that if they allow the automobile races to take place as planned on Wednesday he will institute legal proceedings against the trustees for violating a city ordinance. On motion the communication was referred to the city attorney.

Dr. C. A. Burrows in a communication stated that he had made application for a Sunset phone to be installed at his residence on South Jackson street in November. He paid the deposit of \$5 as required by the company and that said company has failed to install the phone, and he asks that the city trustees take the matter up with the telephone company.

A communication from Robert T. Sims, who conducts a popcorn, peanut and candy store at 1108 West Broadway, asked that the city grant him permission to employ boys to sell popcorn, peanuts and candies on the streets of Glendale on Wednesday at the time of the automobile races. On motion, permission was granted.

A communication from the city attorney of Tropic to the board of trustees of the city of Glendale asks that the board co-operate with the Tropic trustees in the improvement of Mariposa street, a portion of which is in Tropic and a portion in Glendale. The question was referred to the city manager.

Bids were opened for the improvement of Doran street, the contractors bidding being Peter L. Ferry and F. R. Sinclair. Bids were also opened for the improvement of Eighth street, Messrs. Ferry and Sinclair being the bidders. The bids were referred to the city engineer, who later in the evening reported that F. R. Sinclair was the lowest bidder for the work on both of the streets above mentioned and therefore he recommended that the contracts be awarded to Mr. Sinclair.

Bids were opened from the American Cast Iron Pipe company of \$30.50 a ton for six and eight inch cast iron pipe and \$32.50 a ton for four inch pipe. The bid of the United States Cast Iron Pipe and Foundry company was \$1.30 a ton higher and the bid of the former company was accepted. The following bid was opened and read for the purchase of water bonds:

Los Angeles, Feb. 1, 1915.
Hon. Board of Trustees:

Gentlemen: For \$75,000 water bonds of the city of Glendale, Los Angeles county, Cal., dated Sept. 1st, 1914, of the denomination of \$1000 each, maturing three of said bonds in the year 1924, and eight of said bonds in each of the years 1925 to 1933 inclusive, bearing interest at the rate of five per cent per annum, payable semi-annually (being a portion of the remaining unsold bonds of a total authorized issue of \$248,000), we will pay you on delivery to us the sum of par and accrued interest to date of delivery.

In consideration of our purchasing the above described bonds you grant us an option, good for thirty days, to purchase from you the remaining

SPACE MUST BE PAID FOR

Every line in a newspaper costs the proprietor something. If it is for the benefit of the individual it should be paid for. If the grocer were asked to contribute groceries to one abundantly able to pay for them, he would refuse. The proprietor of a newspaper must pay for the advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by many that a newspaper has space in its columns to rent, and must rent them to live. To give away rent for anything less than living rates is as fatal to a newspaper as for a landlord to furnish rent free.—Chino Champion.

Mr. Leslie Meeker of 116 West Fifth street, who has been in San Francisco for the past three or four months, has returned to Glendale.

SECRET TALK ON CITY-COUNTY CONSOLIDATION

The advisability of city and county consolidation was discussed Monday at a conference between committees representing the Chamber of Commerce, Merchants' and Manufacturers' association, Realty Board and the municipal league. R. W. Burnham presided. The meeting was private and no details were given out for publication.—Los Angeles Tribune.

Very naturally the meeting would be a private one.

GLENDALE, CAL., FEBRUARY 2.

Announcements

The Woman's Home Missionary society of the West Glendale M. E. church will meet with Mrs. Ward of 1509 Hawthorne street Wednesday afternoon of this week.

"MR. BOB" TONIGHT

The two-act comedy, "Mr. Bob," which was to have been given last Friday evening, but was postponed on account of the storm, will be given tonight in the high school auditorium. Admission 25c and 15c.

The J. O. C. class of the First M. E. church will not hold their business meeting on Tuesday evening, Feb. 2. The postponed masquerade party is to be given instead at the social rooms of the church. 14212

NOTICE TO TAXPAYERS

On account of the rain the meeting of the Glendale Municipal League advertised for Thursday evening last was postponed to Tuesday evening, Feb. 2, at 8 o'clock, rain or shine, at Butler's hall.

Interesting developments regarding Glendale municipal affairs will be made public at this meeting. A permanent chairman will be elected. If you are interested in municipal economic efficiency, do not fail to attend this meeting.

Glendale Municipal League.
14212 J. F. TATLOW, Rec. Secy.

COTTAGE PRAYER MEETINGS

In connection with the Brown and Curry meetings a series of cottage prayer meetings will be held. These meetings will be held at 10 o'clock on Thursday and Friday of this week and Tuesday, Wednesday, Thursday and Friday of next week.

At the church prayer meetings tomorrow evening the people are requested to let their pastor know when they will open their homes. The name, address and telephone number is desired.

Rev. E. H. Willisford, 231 Orange street, phone 918W, is chairman of the general prayer meeting committee.

The pastors are requested to urge upon their people the importance of these meetings. The people are requested to attend the meeting nearest to them.

MODERN CITY AND TOWN PLANNING

City and town planning conserves human energy and protects life, especially child life.

It fosters economy and introduces scientific reality into a definite scheme of orderly development.

Results in a material saving in the cost of all public improvements.

Correlates various activities.

Encourages commercial activities.

Preserves historic buildings and sites.

Prevents mistakes which make inevitable other mistakes which cannot be corrected.

Provides for a well-developed system of streets.

Regulates the location and grouping of public buildings.

Reserves space throughout the city for playgrounds, parks, public gardens and athletic areas.

Provides for the democratizing movements of social centers.

Regulates and locates industrial and residential districts.

Provides areas for beautiful homes, depopulates the slums and provides comfortable environment for the poor.

Provides for proper housing facilities.

Limits the height of buildings and the proportions of lot areas to be built on.

Establishes zones or districts to be developed in different ways.

Regulates the plotting of suburban areas in harmony with the general plan.

Controls the development of privately owned public utilities and the location of works.

Saves time, motion, health, happiness, children and a great deal of waste and haste.

WHICH?

Wife—I hired a new cook today, Lena Stout.

Hub—You did! And which is she?

Wife—Which what?

Hub—Lean or stout?—Boston Transcript.

In war all cities look alike to the enemy.

"Made to Surpass
Every Car in it's Class"

AT OUR SHOWROOM

The prize contest closed Saturday evening and the count showed that 621 persons visited our showroom during the 6 days

PRIZE WINNERS

FIRST PRIZE--A \$20.00 Cash Receipt to apply on payment on a Dodge Car, was awarded Gus. Pulliam. His guess was 631, the nearest correct.

SECOND PRIZE--A \$9.00 Automobile Clock was awarded to Mary Jane Evans. Her guess was 650. (Registered first of four of like number.)

THIRD PRIZE--\$6.00 Automobile Robe awarded S. C. Maranville. His guess was 650. (Registered second)
Lawrence Varney also guessed 650,
as did Ockeson Bonnot

The Prize Winners can get their prizes by calling at our showroom

Dodge Brothers motor car has been dissembled to show how perfectly this car is made on the inside as well as on the outside. It will remain apart until Thursday morning, when it will be re-assembled and used for demonstrating

THE PRODUCTION OF FRUITS AND NUTS

The commercial orchard is a long-time investment; careful attention to important details of management is therefore cumulative in its effects.

The factors underlying successful orcharding are proper soil conditions, favorable climate and accessible markets.

Temperature, rainfall and winds are the governing climatic features in the production of fruits and nuts.

The occurrence of late spring frosts is frequently the limiting factor in the successful production of a particular fruit.

Almonds and apricots bloom early; hence, sites which are free from late spring frosts must be selected for these fruits.

Direct sunshine is necessary for successful fruitfulness.

Some unfavorable conditions preventing successful growth of trees: Shallow soil, hardpan near the surface, lack of drainage, presence of coarse gravel strata near the surface, presence of excessive alkali salts.

Thorough preparation of the soil is one of the elements of success in planting trees.

Thorough and deep tillage of orchard soils is an urgent necessity under California conditions of rainless summers.

Cover crops improve the physical condition of both light and heavy soils.

A leguminous cover crop has the advantage of both improving the physical texture of the orchard soil and adding a valuable plant food—nitrogen—which it obtains from the atmosphere.

Early fall sowing of cover crops insures early growth and a maximum production of green stuff for plowing under in spring.

Cover crops can be profitably grown only during the winter rainy season in California; hence a crop which will thrive and grow during the cool weather must be selected for this purpose.

Pruning is too important to be left to the caprices of ordinary farm labor.

The principles underlying proper pruning of young trees are different from those governing the handling of bearing trees; in the one the training of the tree is paramount, while in the other the control or regulation of fruiting habits is the governing factor.

THE JITNEY BUSSES

As a result of jitney bus competition the Los Angeles Railway corporation has laid off 100 men and stopped work on 250 cars that were being built in its local shops. It occurs to us that it might be a good thing for the railway company to finish up the aforesaid cars, which together with the relief afforded by the said jitney busses would do much to solve the strap-hanger problem, which in Los Angeles, as in practically every other large American city, has been prevalent for a good many years during the rush hours. Would it be too much to suggest to the board of public utilities that it might with profit to the community exert its official functions in this direction?

We observe that San Diego also has its jitney problem and Mr. Clayton of that city, manager for John D. Spreckles, who owns the street car lines, and incidentally most of the public utilities in San Diego, is quoted as saying: "We believe it is only a matter of time, if the jitney bus is not regulated, when it will absolutely kill off the street car business and you will have no street cars running on your streets at all." That may sound like a fearful prospect to some, but it does not strike us that way. In the largest cities in the world—London, Paris, Berlin—the auto bus is the rule, the street car the exception. We are not at all convinced that a city like Los Angeles would not be very much better off if it had no street car tracks, but depended entirely upon the auto bus for surface passenger transportation. To us it would seem that the greatest obstruction to the free navigation of crowded business streets is the bulky, unyielding line of mammoth trolley cars that practically set the pace.—California Outlook.

PERSONALS

Mrs. M. Cadd of 1601 West Colorado boulevard was a dinner guest of friends in Los Angeles on Sunday.

Mr. and Mrs. A. T. Davis of 515 Orange Grove avenue will entertain an old-time Colorado friend this week, Mrs. T. E. Ovington, now of Pomona.

Mrs. E. L. Eames of 703 North Brand boulevard will entertain today with an informal afternoon for Mrs. Percy P. Sewell and Mrs. Peterson of Los Angeles.

Mr. Willette Bohannon and Miss Elizabeth Bohannon were the dinner guests on Sunday at the home of Mr. and Mrs. F. A. Field of 239 South Kenwood street.

Miss Ruth Brown was home from El Centro for the week-end and she, with Miss Rae Davis, Mr. Nat Brown and Mr. Harry Brown, attended the last three of the grand operas of the week in Los Angeles.

Mrs. Esther Thompson, who resides with her son, J. S. Thompson, 1545 West Broadway, Glendale, became so ill Sunday that it was necessary to take her to the Glendale sanitarium for treatment.

Miss Helen Beatrice Cooper of 1618 West Colorado boulevard was one of the guests Monday evening when Mrs. Hollzer of Los Angeles entertained the choir of Sinai Congregation temple, of which Miss Cooper is soloist.

Mrs. E. U. Emery of 117 South Kenwood street is awaiting the arrival today of her sister, Mrs. H. P. Smith of Berkeley, who is coming to spend some time in Glendale, visiting Mrs. Emery, Mrs. Bryant, Mr. and Mrs. Ferguson and others.

Mr. and Mrs. Spencer Robinson, well known musicians of Glendale, left Wednesday morning in their automobile for Bishop, Inyo county, where they will remain for a couple of weeks. On Monday evening Mr. and Mrs. Robinson gave a concert at the Chamber of Commerce at Bishop, which was very enthusiastically received and greatly appreciated by the people of that locality.

Mr. and Mrs. Chas. L. Evans and baby of 808 West Fifth street, with Mr. and Mrs. H. W. Grosse and baby, motored to Venice on Sunday to see the high waves. The roads were so bad and so crowded with machines that it took over an hour and a half to reach the beach, but the return trip was much better, as they came by way of Sawtelle and thus escaped a good deal of the crowd.

Mrs. Brown, who has the Sunset Cattery at 1431 Sycamore avenue, has a number of very beautiful cats. One especially, Sunset King, purchased in New York, a huge orange cat, took everything at the Los Angeles 1915 show. Booker T. Washington, a very beautiful black cat, is also a great prize winner, and Mrs. Brown has a number of other ribbon cats of which she is justly proud.

The Monday Auction Bridge and Luncheon club met with Mrs. A. W. Beach of 333 North Brand boulevard on Monday. An elaborate luncheon was served at noon and the afternoon spent in playing bridge. Mrs. Herman Paine winning the prize. Mrs. John Robert White was substitute for Mrs. C. O. Pulliam, who was not able to attend. The following ladies were present: Mrs. C. M. Good, Mrs. John Robert White, Mrs. Willis Kimball, Mrs. H. Woolsey, Mrs. D. H. Smith, Mrs. J. Herbert Smith, Mrs. Frank McKenney, Mrs. O. E. Clemens, Mrs. R. E. Hewes, Mrs. V. Price Brown, Mrs. A. W. Beach and Mrs. Herman Paine.

On Monday afternoon as four boys came tearing down Central avenue on their bicycles, one of the boys cut across in front of the others and they all landed in a heap, boys and bicycles being badly mixed up. When the tangle was straightened out it was found that Jack Jenkins had an arm hurt. Mrs. C. E. Hutchinson took the boy into her home and sent for Dr. Chase, fearing that the arm was broken, but on examination it was found that the wrist was fractured. This should be a warning to boys to ride their wheels more carefully and observe the traffic rules, as the accident would never have occurred had they not been going at such a terrific rate and had the one boy not broken the rules by cutting in front of the others.

Mr. Allan Holmes from near Fullerton was in Glendale last week to visit his niece, Mrs. Mark Van Leuven of 1531 West Colorado boulevard. Mr. Holmes recently came to California from Meriden, Kans., and purchased a seven and a half acre grove of young orange trees near Fullerton. Mrs. Holmes will join him there shortly.

Mrs. Chas. E. Hutchinson of 200 Orange street enjoyed a surprise visit from her cousin, Mr. S. W. Garlick of Chicago, who is stopping at the Hotel Alexandria in Los Angeles. Mr. Garlick is in Southern California buying dried fruit for the wholesale fruit firm in Chicago of which he is junior member. He speaks very highly of the California fruits and says they are far superior to those of other places.

Mr. C. H. Hollingsworth of 1717 Vine street, who was badly injured last Wednesday, is steadily improving and hopes to be out of the hospital in a few weeks. The accident occurred on Beaudry street in Los Angeles. Mr. Hollingsworth having stopped at the curb to put skid chains on his own auto, when another machine came by and struck him, throwing him over fifty feet. He received a badly lacerated head and injuries to the spine, which have proven serious. He was taken to the Angelus hospital and is still there, though considered out of danger.

THE WIRELESS IN WAR

In the wars of the nineteenth century an army spent much time in attempting to cut the enemy's telegraph and telephone wires. To break the transmission of dispatches today is practically impossible, thanks to Mr. Marconi and his co-inventors. Do you realize that the two allies against Germany and Austro-Hungary—France and Russia—are probably in constant touch every hour, indeed, every minute of the day and night?

They can talk right over Germans, Moscow and Paris can co-operate perfectly. Probably General Joffre and Grand Duke Nicholas know, each of them, what the other's forces are doing from hour to hour.

An incident of the Balkan war shows the remarkable possibilities of wireless. The allies bottled up Adrianople, holding all roads to Constantinople. But in the city was a one and one-half kilowatt Marconi wireless telegraph station of the portable type. At no time did the station fail and in the course of the siege more than 450,000 words were transmitted to headquarters without a hitch.

The allies attempted to stifle the station by placing wireless outfits to the east and west of Adrianople, but their attempt to "jam" the Turkish signals was in vain.

The usefulness of wireless was also shown in the recall of certain ships at the outbreak of the present war. One ship was brought back after she had proceeded within two days' journey to Europe, and thus was saved from the enemy.

Many small crafts have been seized because they were at sea at the outbreak of hostilities and had no wireless. The effect of this experience will undoubtedly be the cause of a wide use of air communications as a kind of assistance against capture by a hostile warship.—Kansas City Journal.

FLIGHT OF THE HOUSEFLY

Dr. Hindle of London finds that houseflies tend to travel either against or across the wind. This direction may be directly determined by the action of the wind, or indirectly, owing to the flies being attracted by odors borne by the wind. Fine weather and warmth favor dispersal, and flies travel further in the open country than in towns—probably because the houses offer food and shelter. In thickly housed localities the usual maximum flight is about a quarter of a mile, but in one case a single fly was recovered at a distance of 770 yards—partly over open land. When set free in the afternoon flies do not scatter so well as in the morning. Liberated flies often mount almost vertically to a height of forty-five feet or more.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 11th day of January, 1915, did, at its meeting on said day, adopt a Resolution of Intention, Number 777, to order the following improvement to be made, to-wit: SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Glendale to close up, vacate and abandon for street and alley purposes all that portion excepting the north two hundred (200) feet of that certain alley from Second to Third streets in block 7 of the town of Glendale, as recorded in book 21, pages 89 and 90 of miscellaneous records of Los Angeles county, California.

The district to be assessed to pay the damages, costs and expenses for the above described improvement is described in and reference is hereby made to said Resolution Number 777 for further particulars of said work.

T. W. WATSON,
City Manager and Ex-Officio Street Superintendent of the City of Glendale. 142110

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to Statute and to Resolution Number 789 of the Board of Trustees of the City of Glendale, California, adopted the 1st day of February, 1915, directing this notice, the undersigned invites and will receive at his office in the City Hall, No. 575 West Broadway, near Glendale Avenue, up to 7:30 p. m. of Monday, the 15th day of February, 1915, sealed proposals or bids for the following improvement to be done according to the specifications and plans adopted for the said work, on file, to-wit:

The work on a portion of Bena Way described in Resolution of Intention Number 753 of the City of Glendale, to which said Resolution reference is hereby made for a description of said work; specifications numbers 12, 16 and special specifications referred to in said description, are on file in the office of the City Clerk, also posted near the chamber door of the Board of Trustees.

Bids must be filed with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding use blanks which will be furnished by the City Clerk upon application.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding use blanks which will be furnished by the City Clerk upon application.

Glendale, Cal., 2nd day of February, 1915.

J. C. SHERER,

City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Glendale, California. 14212

NOTICE OF AWARD OF CONTRACT

Pursuant to Statute and to Resolution of Award of the Board of Trustees of the City of Glendale, California, adopted the 1st day of February, 1915, directing this notice, notice is hereby given that the said Board of Trustees, in open session, on the 1st day of February, 1915, opened, examined and publicly declared all sealed proposals offered for the following improvement, to-wit:

The improvement on a portion of Doran Street described in Resolution of Intention, Number 768, to which said Resolution reference is hereby made for a description of said work.

The Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second day of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvements within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto and amendatory thereof.

And thereafter, to-wit: On the 1st day of February, 1915, awarded the contract for said work to the lowest regular responsible bidder, to-wit: To F. R. Sinclair, at the prices named for said improvement in his proposal on file for said improvement, to-wit:

Grading, per linear foot, 60 cents.
Ciling and Macadamizing, per square foot, 5 cents.
Curb, "Class B," per linear foot, 24 cents.
Sidewalk, per square foot, 9 cents.
And that said award has been approved by the President of the Board of Trustees of said City of Glendale, Clerk's Office, City of Glendale, California, 2nd February, 1915.

J. C. SHERER,
City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Glendale, California. 14312
